Subject: Internship selection - DEJI Mavic 3 Drone Research

Dear Mr. Tiwari,

Congratulations! We are pleased to inform you that you have been selected as an intern for the Drone Research Project at the Defense Research and Development Organization (DRDO). You will be working on the DEJI Mavic 3, an advanced drone system.

Internship Details:

Project: DEJI Mavic 3 Drone Research

Duration: 2 Months

As an intern, you will contribute to the development, testing, and documentation of the project. This internship offers a valuable opportunity to gain hands-on experience in drone technology.

Confidentiality is crucial to this project. Please maintain strict confidentiality throughout and beyond your internship.

Please confirm your acceptance by signing and returning the enclosed acceptance by 12 June 2023. We will schedule an orientation session to provide further details.

Congratulations once again! We look forward to your positive response and welcoming you to our team.

Dr. (Ms) Nupur Gupta  
Scientist E
